

# Baseball Scoreboard Features

Model #9928  
with OMC18-8016

## Standard Features

- A CABINET CONSTRUCTION:** Heavy-duty 18-gauge steel (porcelain finish) or .080 aluminum (urethane finish) beats out the competition for its dent resistance. Finish available in two popular choices:
  - **PERMANENT PORCELAIN ENAMEL FINISH:** The most durable finish in the industry, guaranteed not to fade for 25 years. Available in any color.
  - **URETHANE FINISH:** Comes with UV inhibitors and capable of enduring tough environmental conditions. Available in any color at no additional charge.
- B SPECTRALITE™ LEDS:** Available in two popular styles: SpectraBrite™ and Ultra-Bold technology. Choose from Red, Amber or Combination.
- C TEAM NAME:** Available in place of "HOME". Choose from a variety of colors at no charge.
- D STRIPING:** Provides a framed and finished look. Available in a variety of colors at no charge.

## MSX Multi-Sport Controller:

Most technologically advanced and versatile controller available  
Easy to set up and operate. (Shown on reverse side).

## Upgrade Options

- E SPIRIT / SPONSOR SIGNS:** Gives recognition and shows appreciation to your sponsors or school. Available in any size.
- F ANIMATION SCREEN:** Add excitement to your game with moving graphic teasers and text messages. Many styles and sizes available.
- G TRANSITIONAL HEADER:** Built any size or shape to provide a pleasing overall design.
