

Basketball Scoreboard Features

Model #5243-225PF with Programmable Team Names

Standard Features

- A CABINET CONSTRUCTION:** Heavy-duty construction beats out the competition for its dent resistance. Comes in a durable Urethane finish that is capable of enduring tough environmental conditions. Available in any color, or custom match your school colors.
- B SPECTRALITE™ LEDS:** Available in two popular styles: SpectraBrite™ and Ultra-Bold technology and comes in Red, Amber or Combination. Each indoor digit is also protected by our clear, unbreakable SpectraShield™, which offers durable protection and superior brightness.
- C STRIPING:** Provides a framed and finished look. Available in a variety of colors at no charge.
- D CLOCK:** 99 minute clock with lighted colon/decimal point. User selectable 1/10 or 1/100 second displays in last minute of a period.
- E DOUBLE BONUS:** Indicated by "B B" on most boards.
- F FACE MOUNTED DELUXE GAME HORN:** Extra loud sound alerts end of period or game.

MSX Multi-Sport Controller:

Most technologically advanced and versatile controller available. Easy to set up and operate. (Shown on reverse side).

Upgrade Options

- G PLAYER-FOUL PANEL:** Keep control of the game and inform your fans of the stats.
- H SPONSOR SIGNS:** Give recognition to your school or show appreciation to your sponsors.
- I PROGRAMMABLE TEAM NAMES:** Adds big facility dimensions to inform fans whose playing. Replaces static Team Names.
- J TRANSITIONAL HEADER:** Built any size or shape to provide a pleasing overall design.
- K LETTERING:** Add your community or school name with our enhanced shadow or outline lettering.
- L MASCOT:** High quality, fade resistant, stock or custom mascots available in one color or upgrade to a dynamic full-color mascot.
